PASSED THE HOUSE WITHOUT DELAY

BRIEF DEBATE OVER CUBAN RESOLUTIONS.

Important Action Taken Quickly—Decistve Vote of 263 to 17—Few Dissenting Voices—No Excitement Displayed Over the Barcelonia Riots—Washington News.

Washington, March 3.—With only little more than an hour's debate the house on Monday adopted the Cuban resolutions reported by Chairman Hitt of the foreign affairs committee last Thursday afternoon. The resolutions are as follows:

"Resolved, by the house of representatives (the senate concurring), That in the opinion of congress a state of public war exists in Cuba, the parties to which are entitled to belligerent rights, and the United States should observe a strict neutrality between the belligerents.

"Resolved, That congress deplores the destruction of life and property caused by the war now raging on the island, and, believing that the only permanent solution of the contest equally in the interest of Spain, the people of Cuba and other nations would be in the establishment of a government by the choice of the people of Cuba, it is the sense of congress that the government of the United States should use its good offices and friendly influence to that end.

"Resolved, That the United States has not intervened in struggles between any European governments and their colonies on this continent, but from the very close relations between the people of the United States and those of Cuba in consequence of its proximity and the extent of the commerce between the two peoples, the present war is entailing such losses upon the people of the United States that congress is of opinion that the government of the United States should be prepared to protect the legitimate interests of Americans by intervention, if necessary."

Secretary Olney had received a cable message from Minister Taylor in Madrid saying that the minister of state had called to express deep regrets for the mob violence at Barcelona, and that the Spanish government had taken every precaution to guard the legation and American minister's residence. With such explanations there was an end to the excitement over the Barcelona affair.

It was nearly 2 o'clock when the house had the resolutions before it and Chairman Hitt moved to limit the debate to thirty minutes, but changed his motion for an hour and ten minutes, divided equally between the two sides to the question. This was agreed to.

Mr. Hitt opened the debate with a ten-minute discussion in which he held strictly to an explanation of the resolutions and the propriety of adopting some expression which would be in keeping with diplomatic intercourse between two nations. Spain having recognized the southern confederacy before the battle of Bull Run was fought, she could not take offense at the United States for recognizing a state of war in Cuba a full year after it had begun.

Congressman McCreary of Kentucky opposed the resolutions because they did not go far enough. He wanted recognition of the independence of Cuba.

Congressman Adams of Pennsylvania was allowed twelve minutes, and Sulzer of New York ten minutes.

Congressman Turner of Georgia made the first argument against congress taking up the question. He criticised the committee for making no report explaining why it presented such resolutions and argued that congress was not in possession of sufficient information to warrant it in taking such action.

Mr. Smith (rep., Mich.), a member of the foreign affairs committee, urged the passage of the resolutions in a strong speech. He expressed the hope that in the future the Spanish people would join with France and America in upholding the most advanced sentiments in the civilized world, proclaimed by republicans now and forever guaranteed.

Mr. Boutelle was granted three minutes by Mr. Tucker, in charge of the opposition. "I have grave doubts," he said, "as to the expediency or propriety of the house of representatives adopting under a suspension of the rules a practical declaration of war against a power with which we are now at peace. I do not say that the adoption of these resolutions will necessarily produce war. I say that it is the entering wedge."

Mr. Cummings (dem., N. Y.) expressed surprise at the ground of Mr. Boutelle's objections. If he had read the proclamations of Gen. Weyler he had all of the information that was desired.

After some brief remarks by Mr. McCall and Mr. Moody (both of Mass.), republicans, against precipitate action, Mr. Tucker (dem., Va.) secured the floor and closed for the opposition. The resolutions, he argued, were contrary to our well-settled and historic policy of non-interference in the domestic concerns of other nations.

Mr. Hitt closed the debate with the general assurance that we were not on the brink of war, and in support of his assertion he read to the house a copy of the cablegram received by the state department from Minister Taylor at Madrid.

On the demand of Mr. Cummings the vote was taken by yeas and nays. Those who voted in the negative were: Atwood, Boutelle, Gillett, Grout, McCall (Mass.), Moody, Simpkins, Walker (Va.), Wright, republicans; and Black (Ga.), Cobb (Ala.), Culberson, Elliott (S. C.), Harrison, Russell (Ga.), Tucker (Va.), Turner (Ga.), democrats. The resolutions were adopted—263 to 17.

The house then went into committee of the whole and resumed consideration of the legislative appropriation bill. The bill to abolish the fee system was offered as an amendment to the bill, but without action the committee rose, and at 4:50 o'clock the house adjourned.

FOR A LARGER NAVY.

Bill Passed by the Senate to Meet Any Possible Emergency.

Washington, March 3.—The bill passed by the senate Monday for the increase of the navy attracted considerable attention in view of the tension of Spanish-Cuban affairs. The bill as passed authorizes the addition of 1,000 enlisted men to the navy, the enlisting for not more than two years of the naval militia forces in case of emergency, and the chartering of transport ships in case of emergency. The bill passed under the five-minute rule and by unanimous vote.

Another bill of general interest passed, which establishes a retired list for the revenue marine service, similar to the retirement system of the army and navy. Most of the day was given to the senate calendar, and many minor bills were passed.

A resolution by Mr. Allen (Neb.) was agreed to, calling on the secretary of the treasury for information on the earnings of the Pacific railroads from the time of their organization.

The bill was passed to prevent the carrying of obscene literature and articles designed for indecent and immoral use from one state or territory to another.

The bill to prevent the desecration of the national flag was made the special order for Friday next at 2 o'clock.

The house resolutions on Cuba were reported and on motion of Mr. Lodge were referred to the committee on foreign relations.

SCHEME FOR PACIFIC ROADS.

Mr. Morrison Outlines a Proposition to the House Committee.

Washington, March 3.—The house committee on Pacific railroads gave a hearing Monday to L. J. Morrison of New York, the attorney for holders of about $5,000,000 of Union Pacific first-mortgage bonds. The plan he outlines proposes to provide funds for the satisfaction of the first and second mortgages by issues of bonds based on the present rates of earnings of the roads, for which the junior interest would be compelled to subscribe. Three commissioners would be appointed by the president, who would obtain decrees of foreclosure on the Central and Union Pacific and purchase the roads in trust for a company or companies, to consist of the present creditors and stockholders, who subscribe to the plan and issue new mortgage bonds bearing a lower rate of interest than their prior liens and based on the earnings of the companies, the new issues to include the amounts of the first-mortgage bonds and the sum secured by the government liens.

Mr. Morrison thought he could guarantee that responsible parties would agree to carry out this plan, which would require $167,000,000 of bonds. He also declared that the hand of the Vanderbilts was to be seen in the present proceedings.

Western Baseball League Schedule.

St. Paul, Minn., March 3.—The schedule of the Western League for the season of 1896 was adopted Monday. The season opens April 22 with Minneapolis at Kansas City, St. Paul at Milwaukee, Detroit at Minneapolis, and Grand Rapids at Columbus. It closes Sept. 23, with Kansas City at Detroit, St. Paul at Indianapolis, Minneapolis at Columbus and Milwaukee at Grand Rapids. It was decided that when any Sunday game has been prevented by the authorities such game shall be played off in the other of the two cities whose clubs were to have so played.

Visible Supply of Grain.

New York, March 3.—The visible supply of grain Saturday, Feb. 29, as compiled by the New York produce exchange, is as follows: Wheat, 64,089,000 bushels; decrease, 921,000 bushels; corn, 13,038,000 bushels; increase, 1,522,000 bushels; oats, 7,001,000 bushels; increase, 83,000 bushels; rye, 1,597,000 bushels; decrease, 34,000 bushels; barley, 1,298,000 bushels; increase, 203,000 bushels.

Western Baseball Association.

Rockford, Ill., March 3.—President T J. Hickey of the Western Baseball association has called a meeting to be held in Rockford Friday, when the schedule of games for the season will be arranged. It is expected that at least two days will be occupied with the work, as every team will want to play at home on the opening date, and have as many Sunday games on the home ground as possible.

Time Ripe for Shorter Day.

Indianapolis, Ind., March 3.—The American Federation of Labor has sent out letters to all the affiliating internationals asking them what they propose to do in the way of enforcing the eight-hour day rule May 1. The executive council will meet here the last week in this month to consider the answers. President Gompers says that he believes the time is ripe for the eight-hour day movement in all lines.

FLOODS IN THE EAST STILL DO DAMAGE

MUCH PROPERTY DESTROYED AND LIVES LOST.

Death List in New England Reaches Six, and May Be Increased—Heavy Rain Followed by a Blizzard—Damage in New York State—Checked by Cold.

Boston, Mass., March 3.—The freshet throughout New England has done damage beyond estimate. The rain has fallen steadily for seventy-two hours, and Monday night a howling blizzard set in. Railroad travel in all directions is suspended, Portland being the farthest point reached to the eastward, Lowell to the north and Providence to the south and west.

All railroads have been heavy sufferers, and in nearly all mill towns the factories have been forced to shut down, rendering idle fully 500,000 operatives. The property losses thus far reported will aggregate $10,000,000, and this is believed to represent less than half the damage wrought, for all places in the extreme north and east of the states are cut off from communication both by train and wire. The loss of life foots up six, but it may be much larger.

Not a spindle or a loom of the hundreds of thousands in Manchester were in motion Monday and the 17,000 operatives darkened the river banks and the streets, watching the awful grandeur of the mighty flow of water. The Merrimac is ten feet above the dam at Amoskeag falls.

The carrying away of the dam at Kelly's Falls and the demolition of the electric light station has entailed a loss aggregating $50,000 upon the electric company. Seven men were swept away, but all escaped with their lives. The big Amoskeag bridge was swept away at noon, carrying with it two smaller bridges.

The Merrimac river at Nashua is three feet above the record of 1869. Fifty houses are under water, and boats are utilized in the main streets. Two hundred looms in the Jackson mills are under water, a dozen other mills shut down and electric plant flooded, shutting off power of scores of factories and light for stores and streets. Three highway bridges to Litchfield are gone, and twenty-eight cars, each loaded with 85,000 pounds of iron, are on the Canal street bridge, which thus far has withstood the strain of acres of ice piled against it, but it is feared it will go. Taylor's Falls bridge below is shaky and impassable. The loss here is over $50,000.

At Brunswick, Me., fifty houses have been swept down the Androscoggin, and the big suspension bridge carried away. Charles Wagg, overseer of Cabot cotton mill, and two French employes, attempted to strengthen the head rack of the mill when the structure was suddenly torn from under them, and they were swept to their death.

Of the four mammoth bridges between Lewiston and Auburn only two are standing, and one of them, the Grand Trunk, is badly weakened. The north and south bridges were washed down upon the island yesterday, carrying terror to the 1,200 inhabitants. At Mechanic's Falls boats are used in the main square. The iron Portland & Rumford Falls railroad bridge has been moved three feet from its piers and hangs over the swollen stream. A big iron bridge at Page's Mill has been swept away, and the one at Turner Center, built last summer, was lifted like a feather and deposited in the flood below. At Fair Haven, Vt., Albert and William Rosseau attempted to cross the river in a boat and were capsized and drowned. Over 100 houses in Northampton can be reached only by boats, and the people are being rescued from second-story windows.

Cold Weather Checks the Flood.

Albany, N. Y., March 3.—Freezing weather Sunday night checked the rising of the streams hereabouts and there has been a material subsidence of the flood. This was the earliest breaking up of the Hudson in 125 years, and was attended in this vicinity with much damage, narrow escapes and the loss of one life. A family of five were rescued from beds floating in the rooms. A 9-year-old boy was swept into the river at Lansingburg and drowned.

Ice Covers Railroad Tracks.

Poughkeepsie, N. Y., March 3.—A great ice gorge has been forced on the New York Central & Hudson railroad tracks between Hudson and Albany, and no trains are running on the Hudson river division between these points. The road is covered with ice in some places ten feet high, and the tracks and telegraph poles for a distance of 700 feet have been washed out.

Illinois River Rising.

Lacon, Ill., March 3.—The Illinois river is on the rise, and great fears are entertained that much damage will be done. The river is now thirteen feet above low water mark. All low land is inundated.

Yale Crew Will Enter at Henley.

New Haven, Conn., March 3.—A joint meeting of the academic and scientific faculties of Yale was held yesterday to consider the proposition of permitting a Yale crew to enter the regatta at Henley. After some little discussion the permission was given.

CRUISERS FOR CUBA ARE READY TO SAIL

ACTIVITY DISPLAYED IN SPANISH NAVY YARDS.

Ill Feeling Against the United States Still Further Displayed by Riotous Students—European Press Comment on the Situation—Germany Thinks We Are Reaching Out.

Madrid, March 3.—The cable dispatches which are being received here from the United States are increasing the feeling of indignation which was aroused among the masses when it was learned that the United States senate favored the recognition of the Cuban insurgents as belligerents, and the newspapers here confirm the report that a Spanish naval squadron, consisting of four cruisers and a dispatch boat, is to be sent to Cuba without delay. The greatest activity is being displayed in the government navy yards and every preparation possible is being made by the naval and military forces for the most serious eventualities.

The Imparcial declares that the utterances of the United States senate consist in an "unqualified and unreasoning provocation." El Liberal says it is impossible to compare the recognition of the secessionists with the Cubans, and in explaining this assertion remarks: "Then America warmly congratulated Spain as a noble and honest friend. Can we do the same to the senate and President Cleveland?"

It is announced that a number of Italian ship-owners have offered, in the event of war, to provide Spain with steamships to be used as privateers. A number of students during the afternoon assembled in front of the university with the intention of making a demonstration against the United States, as a result of the senate's action in regard to Cuba, and their intention was to mob the United States legation. But the authorities got wind of the affair and a strong force of police were turned out, all the streets leading to the legation were blocked and the students were warned that rioting would be severely punished.

Advices received by the Imparcial say that Cuban insurgents of New York are preparing to issue a loan of $100,000,000, of which a portion will be offered, according to the advices, to American senators and representatives, "on condition that they obtain recognition of the rebels."

The republicans everywhere are trying to make capital out of the popular agitation, which has increased on the news of the release of the Bermuda filibusters. The press is changing its attitude of conciliation, and the liberal papers advocate an understanding with the European powers to protect their common colonial interests against the United States.

GERMANY INTERESTED.

Press and Public Seem to Think This Country Is Reaching Out.

Berlin, March 3.—The Cuban resolution is coupled in official circles here with President Cleveland's Venezuelan message in the public mind, and there seems to be a deep-seated conviction in the European mind that these incidents mark a determination on the part of the United States government to depart from its time-honored course of non-intervention in European affairs. The American action on the Cuban question is therefore regarded as an event of the first importance to the European world. More or less speculation is given to the manner in which the United States expects to reap profit by intervening in Cuba, and much of the argument on the question proceeds on the presumption that it is sought to take Cuba from Spain for the purpose of adding it to the United States.

It is generally admitted that as a belligerent force Spain would be no match for the United States in the event of hostilities arising out of the dispute. It is not believed here that Spain will brook any interference with her course in Cuba, such as is contemplated by the concurrent resolution of the senate, and the opinion is generally held by well-informed politicians in the reichstag and in government circles that the Spanish government will find an ally against the United States in Europe should she find herself compelled to fight against the United States.

There is great reserve displayed in government circles in expressing any opinion on the subject, as was to be expected. At the foreign office, however, it was said that grave fears were entertained there that serious international complications would be the outcome of the attitude of the United States toward Cuba. It may be said in a general way that everywhere astonishment was expressed at the turn taken by American policy.

FRANCE FAVORS SPAIN.

Newspapers Unkindly Criticise the Action of the United States.

Paris, March 3.—Considerable attention is attracted to the Cuban situation, which, for the present, has the lead in political editorial comment and as a subject of discussion in the clubs and other places where military men and politicians gather daily.

The Journal blames the United States for "palliating the outrage of the insurgents and condemning the repressive measures of Gen. Weyler," adding: "Europe, one day, will have to unite against this method of applying the Monroe doctrine."

The Libre Parol expresses the opinion that: "The intervention of the United States at every turn is as ridiculous as it is aggravating. Spain, which compelled Bismarck to recede, will not retreat before Sherman, the brother of the slayer of the Colorado Indians."

La Temps believes "it will help the government to suppress the rebellion in awakening Spanish patriotism. This noble nation will never permit a stranger to intervene."

La France says: "We owe all our sympathy and help to Spain in defense of her rights against the covetous Americans."

London Times Talks of War.

London, March 3.—The editorial in the Times says: "Should President Cleveland decide upon more peremptory action, there is every reason to anticipate a war, which may prove much more troublesome than the Washington politicians expect. Spain may have little chance of inflicting a decisive defeat upon the United States, but it is doubtful whether then can inflict a decisive defeat on Spain without an expenditure far greater and more prolonged than entered into the calculations of the sympathizers with the rebels. There are other continental nations whose sympathies, at all events, would be entirely on the side of Spain in such a struggle."

The afternoon papers of this city comment freely upon the Cuban situation. There is a general disposition to take the side of Spain, and the belief is expressed that the United States has taken an ill-advised action.

MONEY FOR WARSHIPS.

Great Britain's Naval Program Involves Large Expenditures.

London, March 3.—Mr. Goschen, the first lord of the admiralty, presented the naval program in the house of commons Monday. In so doing he said that the estimates of the admiralty were not proposed with any feeling of alarm, although he hoped he might be relieved from the necessity of dwelling upon the critical nature of the times. Mr. Goschen said it was not necessary to look far ahead nowadays, as ships could be built as rapidly as guns, officers and men could be prepared to handle them. He then said that the admiralty proposed to increase the navy by 4,900 seamen, etc., and by 500 extra marines.

The total estimates for this year are £21,822,000, of which sum for new construction there was £7,385,000, as compared with £5,393,000. The present estimates and the cost of the naval defense act were £21,000,000, while the Spencer program was £29,000,000. Therefore from 1889 to 1899 the expenditures for new construction and armament totaled £55,000,000. The government proposed that the estimates this year should amount to £22,000,000.

MRS. STANFORD WINS.

Federal Supreme Court Decides in Her Favor.

Washington, March 3.—The Supreme court on Monday gave a decision in favor of Mrs. Leland Stanford in the case of the United States against her to recover money alleged to be due the United States from the estate of the late Senator Stanford as a stockholder in the Central Pacific Railroad company.

The title of the case is the United States vs. Jane L. Stanford, executrix of Leland Stanford, deceased. It involved the individual liability of stockholders in the Central Pacific Railroad company for the debt due the United States on the bonds issued in aid of the Central Pacific under the California constitution. Mr. Stanford held 144,387 shares of the Central Pacific stock, and it was claimed by the government in instituting its suit the government was entitled to collect $15,237,000 from the Stanford estate. This contention was resisted by Mrs. Stanford on the ground that the California constitution was not self-executing, and also on the plea that it was the intention of congress in granting aid to the Central Pacific company to put it on a footing different from the footing on which other government-aided roads were placed.

The case was brought originally in the Circuit court for the California district, where the decision was favorable to Mrs. Stanford. It was then appealed to the Circuit court of appeals for the Ninth circuit, where the decision was also against the government. The government appealed to the Supreme court, and, as soon as the case was docketed, moved to have it advanced for hearing. This motion being granted, the argument was made during January, eminent counsel appearing on both sides. The suit has attracted great attention from its initiation because of the effect the decision will have upon the other Central Pacific stockholders and also because the fortunes of the Stanford university will be determined largely by the decision.

Armenian Families Massacred.

BOY BURGLARS GO TO WAUPUN CELLS

SHORT SESSION OF THE BLACK RIVER FALLS COURT.

Only Two Hours Consumed in Transacting the Entire Business of the Term—Pretty Young Girl Attempts Suicide—Fatal Accident at Two Rivers.

Black River Falls, Wis., March 3—[Special]—The shortest session of the circuit court in the history of Jackson county was held in this city yesterday. Court opened at 2 o'clock p. m. and adjourned at 4 o'clock p. m. The only business transacted was the sentencing of three young men to Waupun who robbed the store of a Mr. Pratt at Millston. Each was given three years at hard labor.

Black River Falls, Wis., March 3—[Special].—Rose Hanson, a pretty eighteen-year old girl, tried to commit suicide this morning by taking laudanum. Prompt medical help saved her life and she will probably recover.

Fatal Accident at Two Rivers

Two Rivers, Wis., March 3—[Special]—Mrs. Carl Bietzlauf living a few miles north of this city, was fatally injured in a runaway, by being thrown out of the vehicle. Her skull was broken.

BOOKER BUILDING ILLEGALLY

City Authorities Stop Work on a Frame Structure.

The city authorities put a stop to the erecting of a frame building on South Main street this morning and legal complications may follow.

Edward Booker, who leased the Pitcher scales and lot for a term of five years, decided to go into the feed business and put men at work putting up a wooden building in rear of the scale office. Protest was at once made and Mayor Baines, Chief Engineer Spencer and Alderman Winslow called on Mr. Booker. The latter insisted that his attorneys had told him he could do it, but the city officials said he could not.

"Its a nice thing if a man can't build what he wants to on his own property!" declared Booker.

"Especially when it would cause a doubling of insurance rates on the surrounding property and make the city liable for the damage resulting replied Chief Spencer.

"You give the chief an order to pull the building down," suggested Alderman Winslow to Mayor Baines.

"And if you do," the chief chimed in, "down she comes."

Then Brooker weakened, and stopped work while he consulted further with his attorney.

The erection of the building is a violation of the fire limit ordinance.

Alleged Murderer Re...

Green Bay, Wis., March 3.—Stanislaus Dazkowski, who has been in jail for many months awaiting trial on the charge of killing his wife and burning her body in Eaton township a year ago last December, has been released from custody at the request of the district attorney, who does not believe the evidence at hand sufficient to secure a conviction. Nothing has been heard of the woman since the night Dazkowski admits having beaten her.

Filibusters Again Active.

Washington, Mrch 3.—The state department has received information from Spanish sources that a filibustering expedition is fitting out at Alligator Key, Fa. It is said that the schooners S. R. Mallory and Adel are to meet the steamer Three Friends at the key with men and arms, and that the latter is then to proceed to Cuba. The treasury officials have been requested to notify the commanders of the revenue cutters in these waters to be on the watch.

S. D. B. MINISTERS MEET AT MILTON

QUARTERLY SESSION HELD AT COLLEGE TOWN.

Leave of Absence Is Given Rev. E. M. Dunn—Orfordville Farmers' Institute a Great Success—A New Pastor Called to Shopiere—Other News of Rock County.

Milton, March 3, 1896—The quarterley meeting of the Seventh day Baptists convened here Friday and the sessions closed Sunday night. The first day was devoted to a ministerial conference at which papers on interesting topics were presented and discussed. On Saturday morning Rev. L. C. Randolph, of Chicago, occupied the pulpit and in the afternoon, Rev. E. A. Witter spoke Sunday morning, Rev. S. H. Babcock, of Walworth preached and Rev. Randolph officiated at the evening service. The Y. P. S. C. E. held a very interesting Sunday afternoon. Mr. H. F. Clark, of Berlin, has been the guest of his son, Principal Clark, this week. Deacon William Clard, of Farina, Ill., visited friends here this week. At the Seventh-day church Sunday a three months leave of absence was granted the pastor, Rev. E. M. Dunn, his salary to be continued and a committee to secure a supply for the pulpit was appointed. Rev. R. Miller of Janesville was in the villiage Saturday. Shipments from this station last week included one car each of hay, oats and hogs and receipts one of straw, one of bran, one of lumber and two of coal. March came in like unto itself and will go out in much the same manner. Milton will be well represented in Janesville today and tomorrow. John R. Wheeler of the Dunn, Boss & Co. establishment, has been "off duty" with an attack of La Grippe.

ORFORD'S INSTITUTE IA SUCCESS.

Hall Was Filled at All Sessions, and the Meeting Was Profitable.

Orfordville, March 3—The farmers' institute held here last week was a grand success. The hall was filled to its extreme corners during all sessions, and everybody went home well pleased. B. J. Taylor has sold his residence just north of town, to William Taylor, for a consideration of one hundred dollars per acre. John, the painter, has bought a lot from Ole Wee, and is going to erect a fine residence there next spring. B. J. Taylor will erect a dwelling near Ed. Rossiter's residence. K. N. Grunhuvt has been sawing wood in town for the last few days with his steam rig. William Brobakhen's fifteen year old boy died last Sunday morning, from the grip. Mr. Spiche's little son also died last Sunday morning morning from the same disease. A dozen more young people are sick with the same. Rev. Perry's lecture on "The Land of the Midnight Sun," was very interesting. He gave the Norwegians a great send-off. Peter Steingrimson is very sick with inflammation of the bowels. Last Saturday was a great day for Orford. A special coach from Madison containing dairy students from the university, twenty eight in number, was side-tracked here. All the students went to H. C. Taylor's farm to judge his cattle. It was quite an honor to our little burg to have such a delegation come "en masse" and on a special car. Simon Larson who has been very low with paralysis is improving a little. Mrs. J. F. Ennis has so far recovered from her sickness that she was removed home from a hospital in Chicago, last week. Ole Holden, a well known and experienced farmer, entertained the university students in grand shape with a discourse on experimental farming before their departure for the capital city. It is rumored that the Home Forum life insurance are going to organize here this week. Knud Williams left for his St. Ausgard home last Saturday. B. F. Gifford has sold his farm to Ole and William Brobakken.

A NEW PASTOR AT SHOPIERE.

Rev. J. H. Lippard of Rockford Accepts a Call.

Shopiere, March 3.—Rev. J. H. Lippard of Rockford, Ill., has accepted a call from the First Congregational church of this place. Morning service wil be at the usual hour, 11 o'clock. Will Kemmerer has rented the Hern farm and will move there soon. Mrs. Harry Van Galder came home from Chicago last week where she has been visiting her parents and friends. Rev. R. K. Maniton moved his housenold goods to Janesville on Thursday last. Dr. S. Bell of Beloit, spent a few days in this place the past week, shaking hands with old friends and relatives. Mr. and Mrs. Bertie Gowers are rejoicing over the arrival of a daughter on Friday last. George Gowers has been very sick during the past few days with bowel trouble. Mrs. Helker went to Watertown Saturday, to be present at the funeral of her grandmother. Charles Bell's youngest child has been very sick for a number of days but is a little better now. Nick Schenck's quick step and smiling face is all on account of that bouncing boy that arrived there a short time ago. A good many of our farmers had an opportunity to see a shredding and husking machine work the past week at Eve Fonda's. It does very good work and can be seen at Henry Case's this week. Rev. Horace L. Houghton of Evanston, Ill., commenced his year's work on Sunday morning, March 1, at the Methodist church. Ray Adams has been visiting relatives at Rockford the past week. Arthur Hern we learn is improving slowly but will soon be able to leave the hospital and come home. Mr. and Mrs. Weibling of Cumberland, Wis., has been visiting their daughter, Mrs. Frank Culver.

CLEAR LAKE COUPLE TO WED

Invitations Are Out For the Green-Balch Nuptuals.

Clear Lake, March 3—Invitations have been received for the marriage of Miss Laura Balch to Harry Green. The ceremony will be performed at 8 o'clock in the evening, March 11, at the home of the bride's parents, Mr. and Mrs. Charles Balch. Both parties are well and favorably known and needed no introduction. Miss Balch is one of our most esteemed young ladies. There has been considerable sickness in this locality, but every one is improving now. Mr. and Mrs. George Buten and Linda visited at Carl Maxwell's last Tuesday. Carl Grey expects to start a milk route through here in a couple of weeks. Quite a good many are carrying their own milk at present. Mr. and Mrs. George Stockman, of Milton Junction, visited at Will Stockman's Sunday. Quite a number attended quarterly meeting at East Milton Saturday and Sunday, at the Seventh-Day Baptist church, in spite of the cold weather.

Some Events at Magnolia.

Magnolia, March 31, 1896—Born to Mr. and Mrs. August Brates, a boy, also on the 29th a son to Mr. and Mrs. Jack Skelley. Remember the lectures commence the 8th of March by Rev. Mr. Shepherd. Old Mrs. Hatch was buried Feb. 26, Byron Meigs, of Arena, preaching the funeral sermon. Elder Hatch was not able to be present owing to an operation lately performed by a specialist upon his eye. The three children of Mr. and Mrs. Clyde McCoy have been quite sick with grip. Miss Alice Clifford spent Sunday with Miss Belle Rice of Cooksville. George Acheson has moved to Evansville and Mr. Mapes and family now occupy the house vacated by him. Preaching at the Advent church every Sunday now also at the M. E. church. Friday morning Frank Green received a dispatch that his father living at Palmyra had suddenly died from heart failure. He accompanied by his wife and father-in-law, Mr. Smith Jameson immediately started for his home at Palmyra. They will remain until after the funeral. Mrs. Recta Becker who has been in Janesville all winter is expected home soon.

The Week At Cooksville.

Cooksville, March 3—Ed Newman moved his family from here to a farm near Evansville which he has leased for the coming year. Miss Alice Clifford of Magnolia, was a guest of Belle Rice Saturday and Sunday last. Miss Ellis and Miss Lillian Graves attended teachers' meeting at Evansville last week. Mrs. Robert Steele of Evansville, visited her sister, Mrs. Newkirk, two days of this week. Mr. and Mrs. Joe Porter passed Thursday with friends in Evansville. Little Elsworth Lee is quite sick. Our little village was well represented at Stebbinsville Friday evening to hear our home talent in "Nevada or The Lost Mine." The Dramatic Club did themselves credit in their play of "Nevada" at Stebbinsville and by especial request will give it again in the same place Friday evening, March 6. The people of Stebbinsville evidently can appreciate a good thing when they see it. J. Hyland passed through here with eleven loads of tobacco on his way to Evansville. Mr. Hyland lives near Stoughton.

Surprise Party at Footville.

Footville March 3—A jolly load of young people surprised Mr. and Mrs. John Drew on Thursday evening, and all enjoyed a pleasant time. Refreshments were served, and cards followed. Those present were:

BIG STORE FILLED BY THE FARMERS

MIDWINTER FAIR DRAWS LIKE A POROUS PLASTER.

Secretary Clemons Is Fairly Swamped with Business Today—The Awards To Be Made Tomorrow Afternoon at 2 O'clock—Cooking School Also a Taking Feature.

It is hard to find words to tell just how much of a success the Janesville Midwinter Fair is proving. Until almost midnight last night the committee were at work arranging exhibits in the big McKey store on Main street. There were more exhibits on hand at 7:30 o'clock this morning, and from then until noon farmers teams blocked the streets. There were baskets of prize corn brought in until a big bank of corn extended from the front window back almost to the rear wall 180 feet away. Bags of prize potatoes cover another counter that reaches nearly the whole length of the store. Four hundred entries in the culinary department help to tell the story of success in another department. The only department where entries were few was in one where Rock county is particularly rich, the pretty girl class. It must have been native modesty, for it cannot have been ignorance of their own charms that kept Rock county girls from coming to the front in this competition. So diffident were they that it was found necessary to put on the judges the task of selecting candidates.

Secretary F. L. Clemons has had hard work in getting the entries in shape. He worked late last night, and was nearly swamped by the rush today. All will go to the judges tomorrow morning, however, and the awards will be announced by 2 o'clock.

The Cooking School.

While the farmers and their sons made the show down-stairs their headquarters, the ladies waited eagerly for afternoon, when they could listen to Mrs. Jameison's exposition of the art of oat meal cooking and the science of baking potatoes. The cooking school teacher had a big audience when her lecture began at 1:30. Twelve Janesville ladies were a committee to see that all the arrangements were perfect, and also to act as reception committee of the visitors from out of town. They performed their duty well, and the attendance at the school was only limited by the size of the room. In regard to the cooking school class as in every other respect the Janesville Institute has beaten all Wisconsin records.

This evening the Main street store will be opened for a short time only as the centre of attraction will be the entertainment at the Court House.

All Wore Badges.

Silk ribbon badges have been distributed all day to the visitors and streets have had a gay look in consequhnce. The badges were the special contributions of city and county officials who decided that this would be a pleasant way to show their interest in the success of the fair. City Treasurer Fathers and Sheriff Appleby took the matter in hand and made the canvass with gratifying results. Contributions for the purchase of badges were as follows:

James A. Fathers, city treasurer	$2.00
J. H. Watson, street commissioner	2.00
A. E. Badger, city clerk	2.00
Horace McElroy, city attorney	2.00
T. L. Acheson, chief of police	2.00
John W. Hogan, patrolman	2.00
Walter Houghton, patrolman	2.00
W. A. Jackson, district attorney	2.00
W. H. Appleby, sheriff	2.00
J. W. Sale, county judge	2.00
W. J. McIntyre, county clerk	1.00
Theo. W. Goldin, clerk of court	1.00
C. N. Nye, county treasurer	1.00
O. D. Rowe, register of deeds	1.00
George M. McKey, lumber	1.00

M. M. Phelps, municipal judge	1.00

HIGH SCHOOL'S LEAGUE ATHLETES

Members of the Inter-Scholastic League, Which Includes Many Schools.

Janesville High school athletes have joined the Inter-scholastic League which includes most of the prominent High schools in Wisconsin. Milwaukee, Madison, Delavan, Monroe and others are on the list. Janesville boys plan to organize a base ball nine and to put a foot ball team in the field next fall that cannot be beaten. There will be no Inter-scholastic basket ball games as no other school in the state has a gymnasium outfit like the Janesville school.

W. B. KNIGHT IS NOW IN TEXAS

Janesville Printer Writes That His Health Is Much Better.

W. B. Knight, who left a few days ago for the south for the benefit of his health, is now at Orange, Texas. Mr. Wright writes that he first intended to locate in Louisiana but did not like the country. He then went to Texas where he secured a position with a printing firm, and is much improved in health.

Y. M. C. A. BAND TO GO TO EDGERTON

Will Give a Concert Tomorrow Evening—Basket Ball Game.

The Y. M. C. A. band will go to Edgerton tomorrow evening where they will give one of their popular concerts, assisted by the Male quartette.

The business men's class will hold their regular Tuesday evening drill tonight in the gymnasium and a game of basket ball will follow.

One of the regular series of basket ball games was played last evening between Captain Walter Johnson and Captain Frank Spoon's teams. A number of fouls were made by Captain Johnson's men which resulted in giving his opponents team two goals. The final score was 4 to 2 in favor of Captain Spoon's men.

CHARLES DEVERS, OF BELOIT, HURT

Injured While Beating His Way On the Dakota Passenger.

Charles Davers, a young man seventeen or eighteen years old, while "beating his way" from Footville to Beloit on the 2:53 passenger going south, fell from the train at Afton yesterday and a car wheel passed over his right leg below the knee. The accident happened as the train was slowing up at the station and Devers was dragged the train's length. The injured man was taken to Beloit and taken to his home, 310 Wadsworth street, where Dr. A. C. Helm attended him and it is proballe amputation of the foot will be necessary. Devers had his collar bone broken.

CHUUCH PLANS A NOVEL BANQUET

All Souls To Give a Banquet Where Fine Raiment Is Barred.

A novel entertainment has been planned by the All Souls church society, to be given March 10. It will be a "hard Times banquet," and invitations have been issued. They are of brown paper tied together with string, and read as follows:

"Bring a quarter, but do not fret, a 'hard times banquet' you will get. Wear old clothes, and come along, join in music, dance and song. For everything you wear that's fine, you pay a nickel or a dime. Half-past seven's the time to come, and eleven o'clock you must go home."

RAILWAY FARE OF ONE CENT A MILE

Unusually Low Rate to the Republican State Convention.

Persons desiring to attend the republican state convention at Milwaukee this month will not be handicapped much by the cost of railway transportation. John M. Ewing, secretary of the state central committtee, received word from B. D. Cadwell, chairman of the Western Passenger association, that a one fare rate from all Wisconsin points will be given for the convention. Tickets will be sold to Milwaukee from all parts of the state, March 17 and 18, good to return to and including March 20.

R. J. WHITTON IS PROMOTED.

Made Chief of the War Supply Department at Wasoington.

R. J. Whitton is making his mark at Washington and new holds an excellent position. A Washington dispatch says: "R. J. Whitton, of Janesville, who came here as private secretary to Assistant Secretary of War Doe, but who for the past year has been chief of the supply division of the department, has been appointed by Secretary Lamont, to be chief of that division at $2,000 a year." Mr. Whitton's many Janesville friends will congratulate him on his well earned promotion.

THE OVERFLOW OF LOCAL NEWS.

ATTACK ON A JUDGE IS NOT A JUST ONE

TAX PAYER MAKES SUGGESTION TO SUPERVISORS.

Uses Caustic Words in Regard to the Resolution Recently Passed, and Calls Attention to the Tramp Evil, Which Goes Unnoticed by Tha Body.

EDITOR GAZETTE—The county board of supervisors recently spent some time, for which the tax payers paid cheerfully, in reprimanding Hon. M. M. Phelps, judge of the municipal court of this county, for sending a number of persons to the county house, instead of to the county jail. It is true the law gives the court a discretion as to the place of confinement in certain cases, but the judge should not exercise it. As I remember the cases, there were four. The offenders were women, charged with vagrancy, incapacitated by disease, age and overwork and needing the comforts of a home and the care of a physician. Of course the judge should have sentenced them to jail, where they would not receive such care or comforts. Unfortunately, however, he has a heart that feels for the poor and the weak, and for that he was properly reprimanded. It is doubtful whether it cos's more to take care of such creatures at the county house than at the jail, but that cuts no figure. People have no right to grow old and poor and friendless at the same time. If they do, they should be disgraced, and made to feel the misery and degredation of their condition. Judge Phelps is a christian gentleman, whose impulses and acts do him honor everywhere except in the court room. He needs a marble heart when on duty there. I respectfully refer him to the treatment accorded to paupers by Mr. Bumble, the Beadle, and his associates, who were made famous by Dickens, in Oliver Twist.

There is another matter to which the board should pay some attention. Its failure to do so in the past has excited some criticism, because the facts have been notorious for two or three years at least. I refer to the manner in which tramps are collected and nursed and committed to the jail from Clinton. Every highway and the railway tracks leading into the village are watched for tramps with a vigilance that never flags. Even the boys who formerly made a few pennies gathering up and selling scrap iron and brass have deserted that business and are engaged as pickets and scouts for the officers, who pay them so much a head for all the tramps they discover. When arrested by the officers, tramps are treated courteously, fed sumptuously, taken taken before a magistrate and committed to the county jail and the tax payers foot the bills. It is safe to assert from what the tramps say themselves, that not one in ten committed wish to go to jail, but are anxious to leave the county as soon as possible. They are made the victims of enforced hospitality, because it pays the officers. When the tramps do not wish to go to jail an officer accompanies them. when they do, the commitment is delivered to them. The foregoing is not fiction, it is truth, and they go to jail alone. During the time between November 15, 1895, and January 15, 1896, the Clinton officials earned, and were paid by the county, about the sum of five hundred and twenty-seven dollars in fees, realized from the tramp industry. This sum, it is safe to say, is nearly twenty times more than was earned by all the rest of the officials in the county during the same time on account of tramps. It seems to me that it is time for the county board to act in the matter. Reject such bills. Let us have a law suit or two to show up the true state of things.

GRATIFYING RESULTS.

Interesting Experiments with the New Stomach Remedy.

Not a Patent Medicine, But a Safe Cure for All Forms of Indigestion.

The results of recent investigation, have established, beyond question, the great value of the new preparation for indigestion and stomach troubles; it is composed of the digestive acids, pepsin, bismuth, Golden Seal and similar stomachics, prepared in the form of 20 grain lozenges, pleasant to the taste, convenient to carry when traveling, harmless to the most delicate stomach, and probably the safest, most effectual cure yet discovered for indigestion, sour stomach, loss of appetite and flesh, nausea, sick headaches, palpitation of heart, and the many symptoms arising from imperfect digestion of food. They cure because they cause the food to be promptly and thoroughly digested before it has time to sour, ferment and poison the blood and nervous system.

Judge Frank Ives, of District Court of Crookston, Minn., says: For some time I have used Stuart's Dyspepsia Tablets with seeming great benefit, with few exceptions, I have not been so free from indigestion in twenty-five years.

Geo. W. Roosevelt, U. S. Consul to Brussels, Belgium: Stuart's Dyspepsia Tablets, safe, pleasant to take, convenient to carry, give keen appetite, perfect digestion.

Mr. W. D. Tomlin, Mechanical Engineer, Duluth, Minn.: One box of Stuart's Dyspepsia Tablets has done its work, and I am again gaining flesh and strength.

O. E. Ransom, Hustonville, Ky.: I was distressed and annoyed for two years with throwing up food, often two or three times a day; had no certainty of retaining a meal if I ate one. Four boxes of the tablets from my druggist, have fully cured me. I find them pleasant to take, convenient to carry.

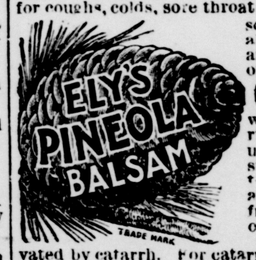
Rev. G. D. Brown, Mondovi, Wis.: The effect of Stuart's Dyspepsia Tablets is simply marvellous; a quite hearty dinner of broiled beef steak causes no distress since I began their use.

Over six thousand people in the state of Mich. alone in 1894 were cured of stomach troubles by Stuart's Dyspepsia Tablets.

Full sized packages may be found at all druggists at 50c., or sent by mail on receipt of price from Stuart Co., Marshall, Mich.

COUGHS AND COLDS.

ELY'S PINEOLA BALSAM is a sure remedy for coughs, colds, sore throat and for asthma. It soothes quickly abates the cough, and renders expectoration easy.



CONSUMPTIVES will invariably derive benefit from its use. Many who suppose their case to be consumption are only suffering from a chronic cold or deep seated cough, often aggravated by catarrh. For catarrh use Ely's Cream Balm Both remedies are pleasant to use. Cream Balm, 50cts. per bottle; Pineola Balsam, 25c. Sold by druggists. ELY BROTHERS, 56 Warren St., New York.

THIS DAY IN HISTORY.

WM. GODWIN.

1756—William Godwin, English novelist, born; died 1836.

1793—William Charles Macready, tragedian, born in London; died 1873. Macready was one of the principals in an affair that came near being an international episode. After winning high laurels as Virginius, Richard III and other noted characters of the greatest dramatists, he appeared in the leading cities of the United States. That was in 1848 and 1849. During his stay in this country he became involved in a dispute with America's favorite tragedian, Edwin Forrest. The bitterness spread among friends and admirers of both actors. It culminated in a riot in Astor place, May, 1849. Partisans of Forrest warned Macready not to appear in New York. Under the promise of protection by his admirers he opened a farewell engagement. The theater was mobbed and 22 persons were killed.

1847—Claude Perrin Victor, duke of Belluno, created marshal of France by Napoleon on the field of Friedland, died; born 1764.

1861—Emancipation of Russian serfs by imperial decree of Czar Alexander II.

ROCK AT HER BEST.

Rock county men may well be proud at the showing made at the Midwinter Fair. Nowhere in the state has such an exhibition been made. In few other countries would it be possible.

Hard times have struck Rock county just as they have every part of the west. But hard times can't last in any county that raises such corn and such potatoes as Rock does, or that has such men or such women.

When Rock county does her best what shire can do better? She is giving a hint this week of what her best really is, and Janesville people feel honored that she should have chosen this city for the demonstration.

SPAIN IS NOT WRONGED.

There will be no war between the United States and Spain. It has taken Spain eight months with all the men she could muster to capture three Cuban sugar factories. How long it would take her to Weyler-ize New York cannot be determined by any ordinary mathematical process.

Laying aside the fact that Spain is in no shape for war of any kind, she has had no cause for war.

Recognition by the United States brings disadvantages as well as advantages to the Cubans. Of course the immediate incitement to recognition is Captain General Weyler's threat to treat as bandits the insurgents found with arms in their hands in certain of the provinces after fifteen days' notice is given them to surrender. Recognition is a virtual pledge that we will demand that captured insurgents be treated as prisoners of war. Disregard by Spain of this demand would probably lead to armed intervention by the United States and this contingency is likely to force Weyler to observe the usages of civilized warfare. This will be to the advantage of the Cubans. On the other hand, recognition would mean the exercise of greater vigilance in preventing aid to the Cubans from being furnished from this country, and would also render the Cuban government liable for damage to American property inflicted by the insurgents. If the Cubans were beaten United States claims would amount to nothing, but the existence of any such claims while the insurrection was in progress, might lessen the country's sympathy with Cuba's cause.

WHERE BIG MEN COME FROM.

Cities produce the politicians but not the statesmen. It is a curious fact that of the members of the United States senate a very large proportion live in country towns or small cities. The only cities of 100,000 or more inhabitants represented in that body are St. Paul, Indianapolis, Albany, Providence, Kansas City, Milwaukee, Newark, Detroit, Omaha and Denver; and not one of all the senators resides in any of the thirteen largest cities by the census of 1890. This is not merely an accident of the present time. The rural districts have always been prolific in political leaders and will probably always continue to furnish a considerable majority of our recognized statesmen.

WORKS BOTH WAYS.

John Morley having remarked that the United States is the most lightly taxed country in the world, a London paper reminds him that the explanation lies in the fact that "it makes foreign producers pay a large share of its national expenses."

It may be well to add that in so doing it also protects its own business interests and insures good wages to its laborers.

"The republican party would as soon think of lowering the flag of the country as to contemplate without protest and opposition any attempt to degrade or corrupt the medium of exchange among the people," said Major McKinley the other day. His faith in the grand old party will be justified.

When Mr. Sherman declared that the senate no longer represented the people but rather stood for single states he spoke a great truth. He described a condition of which the country is getting very tired. A senator should be able to rise above local considerations and shape his course according to the higher demands of duty to the whole nation, and the people expect him to do it.

For the first time in ten years all Janesville, without regard to ward lines or sectional interests, has given solid backing to a public enterprise. The splendid success of the Midwinter Fair shows the result.

If Secretary Carlisle didn't spend so much of his time between bond issues dining with Wall street magnates he would stand better in the west.

No wonder Spain hates to lose Cuba. The Queen of the Antilles has furnished $100,000,000 revenue a year to the mother country for a long time.

Such a showing as was made by Rock county today was worth all the hard work that was necessary in bringing it about.

A GREETING TO THE FARMERS

[Written By Request.]

How many smiling faces
We meet upon the street
The jolly farmers waiting
Each dear one now they greet.
Old and young together
Wagons with children loaded down,
Every one looks happy
You can scarcely see a frown.

Generous prizes are awaiting
For all who take the "cake."
Who will win? has been the question,
For nights they've lain awake.
It makes the judges hustle,
For they will be fair to all
Whoever is the lucky one
Be he great or small.

The farmers are the people
We couldn't live a year
Without the blessed harvest
In this great hemisphere.
This fair will be a grand success
'Tis plainly to be seen
The farmer is a king today
The farmer's wife a queen.

God gave the farmer a cheerful heart
His vocation he glories in
With all his strength and forces
The race, he tries to win.
Early in the morning
And late into the night
He labors for the people
Prospects dark or prospects bright.

Many hardships to him come
On his face he wears a smile,
He don't always ride in carriages
But is forced to walk many a mile.
His hands and heart are willing
And the prizes he wins, I say,
Will be nothing compared to the harvest
He'll win on that grest judgment day.

ROCK COUNTY WELL REPRESENTED

Semi-Centennial Celebration Delegates are Men Whose Influence Counts

Rock county has strong representation on the semi-centennial committee. W. T. Vankirk's standing as a representative merchant and manufacturer and a keen headed man of affairs is recognized. The two other members of the committee are equally well chosen. George M. McKey is one and President E. D. Eaton of Beloit college, is another. There is every reason to believe that they will be able to make Rock county's share in the semi-centennial a worthy one.

GOV. UPHAM COMING TO SEE THE FAIR

WILL BE IN TOWN TONIGHT—INSTITUTE IN SESSION.

Professor Henry and Superintendent McKerrow Kept on Their Mettle by the Questions and Suggestions Put Forward at the Institute—Strong Programme Tonight.

Governor Upham has consented to visit Janesville this evening and speak to the farmers.

Many will welcome the opportunity of hearing a few words from the chief executive, and the court room is likely to be crowded.

The governor is expected to arrive on the 6:26 Chicago & Northwestern train.

The crowd that swarmed through the McKey store early in the morning

GOV. W. H. UPHAM.

and during the noon hour were massed in the Court House during the day.

Here the sessions of the institute proper were held.

Here Professor Henry will speak tonight.

Representative farmers from all parts of the county were represented in the audience at 10 o'clock. They were on hand loaded and primed full of questions. Professor Henry who was on hand all day though he has attended no other institute this year, was kept on his feet a good share of the time. He said among other things that a cure for vat smut had been developed at the agricultural experiment station and that 12,000 bulletins would be sent out soon.

Glad He Came To Janesville.

Superintendent McKerrow opened the morning session of the institute by telling how glad he was that Janesville had been chosen as a place of meeting. He introduced Charles Sharp, of Dodge county, whose subject was "Rotation of Crops." He pointed out the way a single crop persisted in for years would draw all of one kind of food from the soil. On his farm he sowed clover one year, then corn, then barley and then oats or a "succatosh" of oats and wheat. Rotation of crops made farm work easier, kept thel and in better shape and did much to kill weeds. He preferred clover to timothy because clover, as a deep feeder instead of a surface feeder, was much easier on the land.

All the special contests will be decided Wednesday afternoon between 1 and 2 o'clock. Candidates in the "best looking young lady," "tallest young lady," and similar classes must present themselves at the secretary's desk before 2 o'clock

The Question of Tillage.

Superintendent McKerrow took up the subject of tillage, his central thought being that there are four objects in tilling. First, to open up the soil for free action of air and moisture. Second, to make a seed bed. Third, to kill weeds. Fourth, to save moisture by forming and keeping a dust mulch on the surface.

John Stockman discussed "Town Insurance" and said the idea had been developed successfully. He would not favor starting any company with less than from $70,000 to $100,000 capital stock as the percentage of assessment was too heavy in smaller companies. He gave a short review of the work done by the company with which he was interested. In twenty-three years it had paid $7,000 losses and had made but sixteen assessments. Insurance in the town company costs 1½ mills a year while in an old line company the insurance would cost about 5 mills a year.

At the Afternoon Session.

W. H. Hughes told his experience with corn fodder for cows. He pointed out how profit could be insured.

"Feed and Feeding" was the subject treated by Prof. W. A. Henry. Scientific and pratical feeding was outlined in suggestive fashion.

S. C. Carr gave sound reasons in support of farmer's organizations and Alexander Galbraith spoke of "The Horse." He pointed out that the horse market showed every indication of marked improvement in the next few years.

Fine Show of Horses.

There was a showing of horses that Rock County might well be proud of when the entries for the best general farm team were called. Fully twenty formed in line on Main street and were driven past the judges' dry goods box. They drove past three times and then George Turk's pair of roans were awarded first prize, a $25 pair of bob sleighs given by the Stoughton Wagon Company; R. W. Lamb's pair of bays second prize, 100 cigars by F. S. Baines, and William Hadden's blacks third prize, a box of cigars given by Baumann & Byer.

Joseph Little won the overcoat offered by Kneff & Allen for the best walking team driven by a boy under 18 years of age. E. W. Fisher took the second prize, a whalebone whip given by W. H. Hall. William Sheridan got the third prize, a cap given by J. D. Holmes.

Other Prizes Won.

John Cleland's foppy bay took first in the carriage horse class, and Lester Austin's black took second, the prizes being a Stetson hat, given by T. J. Ziegler, and a gallon of paint given by the Kent Paint Co.

C. S. Putnam was superintendent of the horse exhibit and the judges were Elmer Langworthy, George Barker and Thornton Reed. Main street was crowded while the horse show was in progress.

Without doubt 2,000 people have have come into town today. All the morning trains were crowded. A fair indication of the attendance is given in the fact that 1200 silk badges were distributed before noon they being given as far as possible to farmers and farmer's wives.

Tall Man Is Here.

Tall men, fat men, pretty girls and tall girls kept Secretary Clemons and President George M. McKey busy all day. This class will be judged at 2 o'clock tomorrow afternoon, but the candidates have been anxious and afraid they would be everlooked. Jefferson county sent a world beater for the tall man class. He was John Guerin, who measures six feet eight inches in his stockings, raises Jersey cattle, and looks as if he were standing on a chair when he rises to his full height in the middle of a crowd.

Crowd See the Cooking

It is impossible to provide seats for all who attend the cooking school, although the big room is arranged to accommodate the greatest number of ladies possible. Ladies of the town are therefore urged to make way for the visitors from the country, and it is especially urged that no men seek to gain admission as Mrs. Jameson's lectures are designed especially for ladies.

Mrs. William Sadler offers a special premium of a summer hat for the girl under eighteen having the longest hair. The decision will be made at 4 p. m. Wednesday.

ASK FOR A NEW WARD SOUTH OF THE RIVER

SPRING BROOK PEOPLE CONSULT THE AUTHORITIES.

Committee Is Named To Push the Project, and City Attorney McElroy Was Called Upon Last Night—Move Would Be Made Under New General Charter.

Will Janesville have another ward? She will if Spring Brook people have anything to say about it.

A delegation of people from that vicinity called on City Attorney McElroy last night to see what could be done. Their idea is to include that portion of the Third ward south of the river in the new ward and the matter will be pushed along by the committee.

There is considerable doubt, however, as to the feasibility of the plan. The move would have to be made under the general charter law which provides that no new ward can be created with a population less than 1,000 people. To include this number of people, it is said, the new ward would have to take in a part of South Main street; extend as far south as the "Baines farm;" and as far west as the State School for the Blind." Even then, those in a position to know, say it would be doubtful if enough people would be included.

The Spring Brook people want a school house, and their idea is that if that vicinity was made a ward and had aldermen in the council, they would be mere likely to get it.

If the ward is created it cannot be done before May 1, as the general charter provides that no such change shall be made at a time when it would effect an election.

However, Spring Brook people are in earnest, and the committee is composed of hustlers, so they may yet arrange the scheme in order that it may be feasible and practical.

ALFRED AUSTIN LOSES HIS GOLD WATCH.

Sheriff Appleby Was at Once Called to the Scene, But the Thief Had Escaped—Simpson Confesses to the Cheek Forgery—Other Police News.

A pickpocket took Alfred Austin's gold watch and chain while he was looking at the corn show in the mid-winter fair today. The matter was kept quiet and Sheriff Appleby was called, but enough time had been given to allow the thief to escape. A close watch was kept all day for suspicious parties, and Austin's loss was the only one that was reported. So great was the jam especially at the entrance to the store that it seemed strange more thefts were not committed.

John Simpson, the forger, has made a confession of his crime to Sheriff W. H. Appleby while at the jail. He says that next Saturday morning when brought into court he will plead guilty.

The assault and battery case of the State of Wisconsin against Frederick E. Luebke, was brought to a close yesterday in the municipal court in favor of the plaintiff, Luebke being fined $1 and costs by Judge Phelps. H. S. Sloan appeared for the defendant, while M. O. Mouat looked after the interest of the plaintiff.

INOCULATED BY SNAKE POISON

Explanation of the Immunity from Harm Enjoyed by "Charmers."

As a result of recent investigations, it would seem that science had at last unearthed the strange secret of the snake charmer. For years it has been a mystery how certain individuals could handle the most venomous serpents with impunity, suffering not the slightest harmful effects, even if bitten repeatedly. Some time since it was suggested that this immunity from the evil effects of the poison might be due to the fact that the charmers have frequently been accidentally bitten by cobras and karits, and, having survived the first attack, experienced no evil effect from subsequent bites. Much attention has been directed in India to the experiments which have lately been made with view to determining the value of this theory, and it has been clearly shown that when the venom is introduced into the system in gradually increasing doses the subject need not fear the vicious fangs of the reptile. Cases of immunity from scorpion stings are also well known. A gentleman in India, hearing of a Mahometan fakir who had established a reputation for himself in this respect, determined to investigate the case and banish, if possible, all chance of trickery. He therefore dug up the scorpions himself, and these formidable creatures he describes as being from 5 to 7 inches long, with claws like those of lobsters. These scorpions the fakir was told to irritate, but to avoid adopting the course usually pursued by the fakirs for this purpose, namely, by pinching the end of the tail. This is almost a sure way of preventing the scorpions from stinging. By touching them on the part of the body indicated, each one of them stung him strongly enough to draw blood, but the man was apparently none the worse. There could be no doubt as to the genuineness of the exhibition, and the fakir was believed when he said that he had frequently been the victim of a scorpion's sting.

One Minute Cough Cure touches the right spot. It also touches it at the right time if you take it when you have a cough or cold. See the point? Then don't cough. C. D. Stevens.

The old story of Prometheus is a parable. Prometheus was on terms of intimacy with the gods. From them he stole fire, and gave it to men. For this sin he was bound to the rocks of Mount Caucasus, and vultures were set upon him. They only ate his liver. This grew again as fast as it was pecked away. Are his sufferings to be imagined?

Take a modern interpretation of the parable. There is no cooking without fire. In cooking and eating the mischief lies. The stomach is overtasked, the bowels become clogged they cannot dispose of the food that is given them. The impurities back up on the liver. Then come the vultures—the torments of a diseased liver.

SICK-POISON.

What It Is, and Where It Comes From.

Sick-poison is what makes you sick, irritates your nerves, disorders your functions, saps your strength, makes you miserable.

Different diseases have different poisons, some have several, indigestion more than any.

That is, the symptoms of indigestion are caused by the poisons which are created by undigested food.

When you are sick, try to get rid of your poison.

It is often easier than you think, for all nature is helping you. Only the poison is obstinate, but the first step is to go to the root of it.

The poisons of undigested food, which cause lethargy, headache, dizziness, weakness, bad taste, stomachache, fever, flatulence, nausea, constipation, loss of appetite, jaundice, anæmia, neuralgia, rheumatism, etc., these poisons can be swept away and annihilated by the Shaker Digestive Cordial.

Curing the stomach and helping it to digest food, when it is too weak to do so by itself, will purify your system of poison and renew your strength and health.

Shaker Digestive Cordial, a pure, vegetable, digestive tonic, made by the Shakers of Mount Lebanon, will cure all disorders caused by the poisons of undigested food when nothing else will give any relief.

Sold by druggists. Ten cents for a trial bottle.

Write for a book on food. Address The Shakers, 30 Reade Street, New York.

'96 SPRING BLOCKS.

Our Greeting:

"Have a good hat; the secret of your looks
Lives with the beaver in Canadian brooks;
Virtue may flourish in an old cravat,
But man and Nature scorn the shocking hat;
Does beauty slight you from her gay abodes?
Like bright Apollo you must take to Rhoades,—
Mount the new castor,—ice itself will melt;
Boots, gloves may fail; the hat is always felt."
